COMMENTARY	
1. Introduction	ALP REIT is a USD-denominated Income Real Estate Investment Trust (I-REIT) listed on the Restricted Main Investment Market Segment of the Nairobi Securities Exchange. The REIT invests in institutional-grade logistics and industrial real estate in Kenya and currently has, in substance, three seed assets valued at USD 26.53 million, all held through a special purpose vehicle.
2. Basis of Preparation	The unaudited condensed consolidated interim financial statements of ALP REIT for the period ended 30 June 2026 have been prepared in accordance with International Financial Reporting Standards (IFRS), the accounting standar IAS 34 on Interim Financial Reporting, and the requirements of the Capital Markets (Real Estate Investment Trusts) [Collective Investment Schemes] Regulations, 2013. The financial statements have been prepared by the REIT Manager, to give a true and fair vies of the ALP REIT's financial performance, financial positions and its cash flows
3. Business Review	
a. Financial Results	This is the REIT's inaugural interim reporting period and, accordingly, no comparative information is presented. The REIT commenced accruing rental income from its seed portfolio on 1 May 2026 following the repayment of debt of the seed assets. The REIT recorded a net profit of USD 0.23 million for the period ended 30 June 2026. Reported earnings include one-off establishment costs incurred during the REIT's formation and listing. Excluding

these non-recurring items and other adjustments, Adjusted Funds From Operations (AFFO) amounted to USD 0.47 million, providing a more representative measure of the REIT's recurring earnings and distributable cash generation.

- b. Performance Highlights**
- i) The seed portfolio recorded an occupancy level of 98% during the period.
 - ii) Reported income comprises two months of rental income from the seed portfolio together with interest earned on unutilised IPO proceeds pending deployment. As the remaining proceeds are invested in the acquisition of ALP North 3, the contribution from interest income is expected to reduce while rental income increases in the subsequent reporting period.
 - iii) Cash held by the REIT at the reporting date represents the balance of funds earmarked for the acquisition of ALP North 3, as disclosed in the Offer Memorandum.
 - iv) The REIT's leases are triple-net, with property operating costs substantially recoverable from tenants.
 - v) Administrative and fund expenses include both normal operating costs for the two-month period and one-off establishment costs associated with the launch and listing of the REIT.
 - vi) As at 30 June 2026, total assets stood at USD 45.18 million, comprising investment property of USD 26.53 million, cash and cash equivalents of USD 14.78 million, and other assets.

- 4. Borrowings**
- The ALP REIT currently has no borrowings.
- 5. Distribution**
- The Board has not recommended an interim distribution for the period ended 30 June 2026, as the REIT recognised only two months of rental income and the acquisition of the final seed asset remains in progress. The REIT will continue to comply with the REIT Regulations, including the requirement to distribute at least 80% of distributable earnings.
- 6. Approval of the Financial Statements**
- These unaudited condensed interim financial statements were approved for issue by the Board of the REIT Manager and the Trustee on 30 July 2026.
